Hello Peter,

I am writing to say that my family and I OPPOSE the building of a 2 story, 4 unit condominium. We live in the neighborhood and due to the addition of recent condos, it is already getting too crowded. Parking can be troublesome even though they have their own parking, they end up on the street. We want to keep the neighborhood quaint and small and do not want any more condos popping up. We prefer the look, feel and friendliness of single homes instead.
