Subject: Culver City Bicycle & Pedestrian Advisory Committee

Dear Eric,

I am a resident of the Palms neighborhood of Los Angeles, and I support the Culver City Bike Share Feasibility Study and for Culver City to invest in more resources that work towards creating a seamless bike share program for LA County. I support a Culver City bike share program because I believe this will provide families with an alternative to being stuck in traffic or waiting for a bus that could instead be filled with quality time with each other.

Thank you,
Denise Silva
