

PROPOSED BALLONA CREEK CONNECTION DESIGNATED DOG PATH (BCC-DDP)

Description:

- The Culver City Park Designated Dog Path (CCP-DDP) was established in 2009 as an ADA accessible dog path for dogs and their handlers to access the Culver City Dog Park within Culver City Park, the lower restroom facility and two of the internal parking lots, the lot closest to the Dog Park and the lot adjacent to the Lower Field.
- The Ballona Creek Connection Designated Dog Path (BCC-DDP) Route 1 augments the existing Culver City Park Designated Dog Path (CCP-DDP) by extending its upper entry point. BCC-DDP Route 1 extends CCP-DDP up the road to the Upper Fields Parking Lot and east around the Upper Field #1 outfield fence, leading to the Baldwin Hills Scenic Overlook Western Gateway.
- The Ballona Creek Connection Designated Dog Path (BCC-DDP) Route 2 is a fully ADA accessible path that incorporates the Culver City Interpretive Nature Trail (aka, "The Boardwalk") and a new ramp just south of the Upper Fields, traveling up to a new ADA trail at the Upper Fields, merging with the BCC-DDP Route 1 at the Upper Fields Parking Lot, connecting to the Baldwin Hills Scenic Overlook Western Gateway.

LEGEND

Culver City Park (CCP) Existing Dog Path ---

Ballona Creek Connection (BCC) Dog Path (Route 1) ---

Ballona Creek Connection (BCC) Designated Dog Path, ADA Accessible (Route 2)

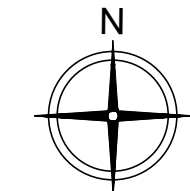

PL - Parking Lot
