Subject: Committee on Homelessness

Hello - As of today, today is my last day as a Culver City resident as our lease is terminating and we moved into Baldwin Hills.

To the City Clerk - Tevis and her team may have already informed you of this transition, but I also wanted to do my part to communicate the update about the end to my membership on the committee on homelessness. I am hopeful that new applicants will be just as excited and honored as I was to be considered and potentially selected for this opportunity.

To Tevis - It has been awesome to learn from you. You are an amazing advocate and leader. I appreciate all that you and your team do to support affordable housing policy for Culver City and quality service provision for our homeless neighbors.

I truly enjoyed every moment of participation with this great group. Thank you for including me.

Best regards,
Melissa
