Subject: [SPAM]DBA assessments

Hi Todd,

Attached is the list of assessments based on all the lists sent to us from HdL. I've corrected the fees and categories based on previous years and determined assessment fees for many new or newly discovered businesses in our district (see green column at far right). It appears HdL didn't use any of the new Commercial Rental or Micro-business amounts and has used fees from 2019 and 2020.

This updated report shows a total of 232 businesses, for total assessments of \$264,837.25. This is only 2020 assessments and does not include any past due amounts. According to HdL, about \$171,000 of it has been collected to date.

Based on this information, we would like to ask for an advance of \$45,000. This will bring us up to approximately 82% of the \$264,837.25 assessment amount.

Thanks for your help with this. Let me know if you have any questions.

Regards, Sylvia
