RE: 2021 Culver City Innovation and Performance Awards

On behalf of the Financial Advisory Committee, I'm pleased to announce the first annual Culver City Innovation Awards Program. The goal of this program is to recognize city employees or committee members who have successfully contributed towards the implementation of an innovative project in Culver City, resulting in either increased efficiency, improved quality of life for Culver City residents, reduced costs and/or generated revenue, OR has demonstrated distinguished performance based on department or agency goals or outcome measures.

The innovation and creativity of individual advisory committee members, commission members, city employees and vendors have always been a lynchpin of Culver City's success as a strong, resilient and prosperous community. As we navigate the interwoven health, economic and social crises sparked by the COVID-19 pandemic, these contributions will only become even more critical.

Applications are due March 12th, 2021 and are limited to one per category. Anyone with a city email address is eligible to nominate candidates.

If you have any questions about the application process, please email:
InnovationandPerformance@culvercity.org

The Awards will be announced at the April 12th, 2021 City Council meeting.
