Subject: **Sole Source Motorola Wireless SCADA**

To whom it may concern,

Utility Systems Science & Software (US3) is the Motorola VAR (Value Added Reseller) in Southern California for Motorola Fixed Data Wireless SCADA systems. As such, US3 is the only provider of this system and is the only **Authorized Engineering and Maintenance Service provider** for Motorola SCADA systems manufactured by Motorola.

This also includes Aftermarket Engineering Services for Southern California which includes the City of Culver City.

Thank you for your interest in US3 Products and Services. Please call me if you have any questions.

Sincerely,

Mark Serres
