Department Approval: Charles D. Herbertson, Public Works Director / City Engineer 08/20/2021

BACKGROUND/DISCUSSION

The Move Culver City Project is planned for deployment in November of this year. The circulator service is planned to travel along Culver and Washington Boulevards between Duquesne Avenue and La Cienega Avenue.

There is currently outdoor dining established in the Arts District on segments of westbound Washington Boulevard between La Cienega Avenue and La Cienega Boulevard, in addition to a street closure on the southerly block of Melvil Street.

Staff will provide an update on operations of the lane closure on westbound Washington Boulevard associated with the outdoor dining and adjacent protected bike lane. This is in addition to recommended changes to meet design standards in coordination with implementation of the Move Culver City project.

Staff is seeking the Subcommittee's direction with regards to staff recommendations for changes along westbound Washington Boulevard and retention of the Melvil Street closure.
