RECOMMENDATION

Staff recommends the City Council (1) approve a budget amendment to appropriate \$90,000 to the 2017-18 Special Events Grant Program (Four-Fifths Vote Requirement); (2) award \$82,100 in grants to 13 event applicants for the 2017-18 Special Event Grant Period; (3) authorize the Chief Financial Officer to approve up to \$7,900 in contingencies for these Events; (4) designate 11 Events as City-Sponsored Events as recommended by the 2017-18 Special Event Grant Program City Council Ad Hoc Subcommittee (Subcommittee); and (5) authorize the City Manager to administratively approve applicable City permits and licenses needed to conduct the Events, provided such permits and licenses are consistent with the scope of the Event as set forth in the grant application (such authority shall not apply to the required Special Events Permit, which shall continue to be issued by the Committee on Permits and Licenses).

BACKGROUND

On January 9, 2017 at the recommendation of the Finance Advisory Committee (FAC), the City Council adopted a Special Event Grant Program Policy (referred to hereafter as “Program”). The purpose of this Program is intended to provide a system of greater fiscal transparency and improve budget reliability, while allowing event proposers access to a centralized process for initiating requests with the City for funding and sponsorship. Through the Program, eligible special events can either be community/charitable with a recreational, cultural and/or social benefit to Culver City residents or large-scale, signature events that regionally promote - and provide measurable economic benefits to - the City. Grant awards offered are intended to be used towards City permits, in-kind and/or direct staffing services as it relates to conducting the event.

To phase-in the Program, only events scheduled to take place between September 1, 2017 and August 31, 2018 were eligible to apply for the funding cycle. Initial courtesy notifications were issued on March 2, 2017 to prior event proposers to alert them of the forthcoming application period. A press release was distributed on March 27, 2017 through the City Manager’s Office that the application period had been opened. Department staff also conducted outreach with event proposers that had previously made contact. A “Special Events Grant Program” informational page was opened on through the City’s website to outline the Call for Application process schedule and along with other program details.

To be considered for grant funding, event proposers registered online to attend a mandatory pre-application meeting with various City staff, to assist in determining appropriate fees and charges required to host the event in the City. Following this meeting, applicants then finalized the process through an electronic application made available via the City’s website. The 2017-18 Special Event Grant Program application period closing date was extended through Friday, June 9, 2017. At the time of closing, 13 events representing nine organizations completed the 2017-18 Special Event Grant Program application process.

DISCUSSION

Program Overview

The Subcommittee convened in June and August 2017 to review and evaluate applications submitted for two areas: (1) Grant Award Funding and (2) City Sponsorship consideration.

For grant funding, the review included determining how best to apply grants with consideration that City staff evaluated and provided estimates totaling approximately \$100,000 in City fees and charges across the 13 event applications received. Applications included detailed descriptions of each events, discussion of applicant’s prior event experience, marketing/outreach plans, detailed event budgets, prior event promotional material samples and event letters of support. Of the applications received, 11 of the events had previously received Council funding and sponsorship approval, which provided some historical context for amounts previously waived by the City.

To become City-sponsored, events need to be specifically designated by the City Council and meet the criteria set forth in Culver City Municipal Code (CCMC) Section 17.330.040.B.7.b.ii. This includes confirming that the City is (a) participating in an official capacity in the planning, preparation or promotion of the event or activity; and (b) contributing 25% of the total estimated costs of the civic event or activity or at least \$1,000, whichever is less. This contribution may take the form of funds, labor, staff time, materials, a waiver of fees, or any combination thereof.

Based on its review, the Subcommittee is recommending \$90,000 in 2017/18 Special Event Grant Awards (\$82,100 in Grants and \$7,900 contingency) for the following 13 events and City sponsorship designation for the following 11 events :

5. Taste of the Nation: Los Angeles Taste of the Nation for No Kid Hungry is a food and beverage event featuring over 50 chefs, restaurants, breweries, wineries and mixologists from the region coming together to donate their time, talent and passion to end childhood hunger in America. 6. Artwalk: In February 2016, the Culver City Arts District Business Improvement District (CCAD) was officially formed. As part of their work plan, CCAD would like to produce an Artwalk Event on October 8, 2017 from 2PM - 6PM to celebrate the diverse artistic, creative, design, culinary, and specialty businesses within the area. The event would be similar to the Summer Solstice event produced in June 2014 with self-guided gallery tours, interactive experiences and musical performances.

The 2017 Festival is planned to take place at the Arclight Cinema in Downtown Culver City, the Festival's venue for the past two years. AWFF will showcase approximately 60 screenings over the course of the festival which will take place Wednesday, October 25 - Thursday, November 2, 2017, from 9AM - midnight. Select films will be followed by a Q&A with the filmmakers and stars. The goal for 2017 and beyond is to present new bikes to children who have shown substantial growth in their academics. By partnering with the Culver City Fire Department who delivers toys thru Spark of Love (since 2009) and California Highway Patrol, the organization has been able to receive donated toys and distributed 600 bags of canned and dry goods to families.

The Subcommittee is recommending a grant of up to \$1,000 which will assist in relieving financial resources previously used for Teen Center rental fees, which can in turn be redirected for further outreach efforts.

10. A Child's Dream - Back to School Event: A Child's Dream - CA aims to meet the essential needs of children through practical means. Annually, the organization holds a Back to School Event, to distribute backpacks, filled with school supplies, personal hygiene products, shoes, and socks. The organization partners with Newbury Barber College (Chatsworth) to provide the children with hairstyles and cuts as well as My Stuff Bags Foundation (Westlake Village), an organization dedicated to providing supplies and resources to children that are in transitional living situations. Families are also provided with healthy living and free child care information, healthy snacks, and gently used clothing.

The Subcommittee is recommending a grant of up to \$1,000 which will assist in relieving financial resources previously used for Teen Center rental fees, which can in turn be redirected for further outreach efforts.

11. TEDx Culver City - "Breaking Barriers" Talk: TED is a nonprofit organization devoted to Ideas Worth Spreading. In the spirit of Ideas Worth Spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TEDTalks video and live speakers combine to spark deep discussion and connection in a small group. These local, self-organized events are branded TEDx, where x = independently organized TED event. TEDx Culver City plans to next feature fascinating speakers to share their viewpoints on the theme of "Breaking Barriers," wherein the organization will explore various aspects of this theme through talks about personal motivation, storytelling, and the limits of technology. The purpose behind the choice of this theme is to connect, celebrate, and share the stories of those who have crossed hurdles and gotten remarkable things accomplished.

The proposed TEDx Talk is scheduled to take place November 14, 2017 from 7PM - 9PM at the Framestore at 8616 National Blvd., and will feature live speakers, live music, snacks, and refreshments.

The Subcommittee recommends the City Council approve up to \$1,100 in grant assistance

for TEDx Culver City, “Breaking Barriers” Talks and designate it as a City-sponsored event.

12. Washington West Business ArtWalk (Fall 2017): The Washington West Business District (WWBD) is a unique collection of artisan restaurants, creative businesses, and specialty retail and services on the west side of Culver City. The District is generally centered along West Washington Blvd. between Inglewood Avenue and Beethoven Street close to Marina Del Rey, with diverse restaurants and businesses offer a relaxed urban environment.

The WWBD is seeking to incorporate more special events to continue to draw more interest as a great place to “eat, play and discover.” The district is proposing as part of its calendar biannual ArtWalk events. While the district has held Taste of Washington events in the past (2015 and 2016), these events will be in lieu of to highlight both creative and food industries located in the area.

The Subcommittee recommends the City Council approve up to \$1,100 in grant assistance for the Fall 2017 Washington West Business ArtWalk and designate it as a City-sponsored event.

13. Washington West Business ArtWalk (Spring 2017): The Washington West Business District (WWBD) is a unique collection of artisan restaurants, creative businesses, and specialty retail and services on the west side of Culver City. The District is generally centered along West Washington Blvd. between Inglewood Avenue and Beethoven Street close to Marina Del Rey, with diverse restaurants and businesses offer a relaxed urban environment.

The WWBD is seeking to incorporate more special events to continue to draw more interest as a great place to “eat, play and discover.” The district is proposing as part of its calendar biannual ArtWalk events. While the district has held Taste of Washington events in the past (2015 and 2016), these events will be in lieu of to highlight both creative and food industries located in the area.

The Subcommittee recommends the City Council approve up to \$1,100 in grant assistance for the Spring 2017 Washington West Business ArtWalk and designate it as a City-sponsored event.

It should be noted that the recommended Events may not yet have all of the required approvals needed from third parties (i.e. private property owners) to conduct their respective Events. In addition, there is the possibility that, as the Event planning process moves forward, circumstances could change and not all of the Events may ultimately be held. If that is the case, the grant recipient would forfeit their grant award.

Administrative Approval of City Permits and Licenses

In order to streamline the planning and coordination of Events, staff recommends the City Council authorize the City Manager to administratively approve related permits and licenses needed to conduct the Events, provided such permits and licenses are consistent with the scope of the Event

as set forth in the grant application. For example, the Culver City Exchange Club plans on conducting a beer and wine garden in Veterans Memorial Park during the Car Show Event, which requires a separate permit; and several of the event organizers intend to use City-owned property and/or equipment for their Events (i.e. Car Show, Taste of the Nation, Screenland 5K and Asian World Film Festival), which will require a license agreement. Given that the award of grant funds to the event organizers is an implicit approval of these Events in concept, and in order to eliminate the need to return to City Council for approval of the related permits and licenses, staff recommends the City Council delegate this function to the City Manager. Such administrative authority would not include the Special Events Permit, which would continue to be issued by the Committee on Permits and Licenses.

FISCAL ANALYSIS

In past years, although waivers and funds had been granted for special events, among the benefits of the Special Events Grants Program is consistency in approach to evaluation of fees/charges as well as transparency for the City. The assessment of fees from applications received to-date as provided by staff representing various City Departments was used to determine a base year appropriation amount required for The Program. Additionally, processes will be in place for tracking of actual approved program expenditures for improved reporting.

The impact to the General Fund is anticipated to be \$82,100 for the 13 recommended events that met the deadline for the first year application cycle. However, in anticipation variance between estimates and actual costs along with off-cycle event requests, the recommendation of the City Council Special Events Grant Program Ad Hoc Subcommittee is to appropriate \$7,900 in contingency funding, for a total of \$90,000 for Fiscal Year 2017-18. Staff recommends the Chief Financial Officer have the authority to approve the usage of the contingency funding if deemed necessary.
