Department Approval: Corey Lakin, PRCS Director (08/01/18)

RECOMMENDATION

Staff recommends that the Parks, Recreation and Community Services (PRCS) Commission discuss the Community Conversation Topics Survey responses.

BACKGROUND/DISCUSSION

On April 18, 2018, the Commission hosted Community Conversation - Topic #8, titled "Everyone Deserves to Feel Safe." "Everyone Deserves to Feel Safe," was a peer-led Community Conversation for teens to discuss and gain information regarding the cycle of sexual violence. Teen peer educators from "The Talk Project," an interactive program sponsored by the National Council of Jewish Women | Los Angeles, facilitated the discussion. At June 5, 2018 meeting Community, Conversation Ad Hoc Subcommittee Members Commissioners Amezola and Mohammed presented a report on the event, including the results of the "Post Community Conversation Evaluation Form." Since the Members of Community Conversation - Topic #8 Ad Hoc Subcommittee had successfully accomplished their goal, the Ad Hoc Subcommittee was then dissolved.

Also at the June 5, 2018 PRCS Commission meeting, there was consensus to agendize a discussion about what topics to consider for the next Community Conversation. The Commission requested that community outreach be done to gather suggestions from the public regarding topics that should be incorporated into the upcoming Community Conversations series. On July 23, 2018, staff posted a link to the "Community Conversation Topics Survey" (Attachment 1) on Nextdoor. The Survey was publicized the next day via a News Story on the homepage of the City's website. As is typical, the majority of the nineteen (19) responses were received within the first week. The questions were open-ended so responses cover a wide-range of topics (Attachment 2). As of the date of this report, the Survey remains

open until such time that the Commission wishes it to be closed. If additional input is received before the meeting, staff will provide it to the Commissioners.

FISCAL ANALYSIS

There is no fiscal impact associated with this discussion.
