BACKGROUND/DISCUSSION

At its August 24, 2023, meeting, the City Council directed staff to expedite implementation of neighborhood traffic calming and multimodal safety improvements in the Fox Hills neighborhood. Improvements include new speed humps, curb extensions, bike lanes, and pedestrian lighting. Due to cost, improvements are being implemented in two phases: near- and long-term.

As part of the near-term improvements, staff recommends the installation of speed humps on Doverwood Drive and Canterbury Drive, 11 high-visibility, continental-style crosswalks throughout the neighborhood, and advanced traffic signal detection at Green Valley Circle & Buckingham Parkway.

A Notice Inviting Bids was posted on the City's online procurement platform, PlanetBids, on February 29, 2024, and closed on March 28, 2024. The City received one bid from PALP, Inc. dba Excel Paving in the amount of \$128,500. Staff reviewed the bid proposal and found the bid documents responsive and complete.
