RECOMMENDATION

Staff recommends that the Parks, Recreation and Community Services Commission discuss recommendations for the Fiscal Year 2019-2020 PRCS Department Budget; and (2) select one or two Commission Members to draft the correspondence to the City Council.

BACKGROUND

Beginning in Fiscal Year 2014/2015, the City Council instituted an enhanced budget process. This process

provides additional opportunities for the public to provide input into the budget document. Further, the City Council now specifically invites members of the City's Commissions, Committees, and Boards to provide comments during the City's budget process.

The City's official budget process typically begins in March of each year. However, preparations and discussions regarding the budget often take place earlier. For the Fiscal Year 2018-2019 PRCS Department Budget, the Commission began discussions in January 2018, continued the discussion at the February meeting and finalized the budget recommendations to the City Council at the March 21, 2018 meeting. The correspondence containing the PRCS Commission Fiscal Year 2018-2019 budget recommendations to the City Council was provided as an Attachment to the December 4, 2018 staff report regarding reviewing the Department's Fiscal Year 2018-2019 Budget materials. At that meeting, the Commission requested a report on the status of the Fiscal Year 2018-2019 budget recommendations made by both the PRCS Commission and PRCS Department staff. The Commission received the Status Report at the January 8, 2019 meeting.

DISCUSSION

At the January 8, 2019 meeting, the Commission discussed the idea that it may be beneficial to all involved if the Commission focuses on one or two budget recommendations that are also priorities for the PRCS Department. To this end, it was requested that staff submit their preliminary Fiscal Year 2019-2020 budget requests for the Commission's review. This information is listed below.
