RECOMMENDATION

Staff recommends the City Council (1) award \$89,000 in grants and designate 23 events as City Sponsored through the FY 2019/2020 Special Event Grant Program as Recommended by the Special Event Grant Program City Council Ad Hoc Subcommittee; (2) authorize up to \$10,000 in additional soft costs for special event administration; and (3) authorize the City Manager to administratively approve applicable city permits and licenses needed to conduct the events.

BACKGROUND

In January 2017 at the recommendation of the Finance Advisory Committee (FAC), the City Council adopted a Special Event Grant Program Policy (referred to hereafter as “Program”). The purpose of this Program was intended to provide a system of greater fiscal transparency and improve budget reliability, while allowing event proposers access to a centralized process for initiating requests with the City for funding and sponsorship. Through the Program, eligible special events can either be classified as community/charitable events that have a recreational, cultural and/or social benefit to Culver City residents or signature events that are large scale events that regionally promote and provide measurable economic benefits to the City. Grant awards offered are intended to be used towards City permits, direct staffing services as it relates to conducting the event. In-kind staff costs (soft costs) for administrative or marketing purposes are tracked as an addition to the grant.

Events requiring funding between July 1, 2019 and June 30, 2020 were eligible to apply for the programs third funding cycle. Initial courtesy notifications were issued on January 31, 2019 to prior event proposers to alert them of the FY 2019/2020 application period. A press release was additionally distributed through various media channels of the open application period. Department staff also conducted outreach with event proposers that had previously contacted the City. A “Special Events Grant Program” informational page was opened on through the City’s website to outline the Call-for-Application process schedule along with other program details.

To be considered for grant funding, event proposers registered online to attend a pre-application meeting with various City staff, to assist in determining appropriate fees and charges required to host the event in the City. Following this meeting, applicants then finalized the process through an electronic application made available via the City’s website. At the time of application evaluation, 23 events completed the FY 2019/2020 Special Event Grant Program application process.

DISCUSSION

Program Overview

The Special Event Grant Program City Council Ad Hoc Subcommittee and Staff convened the week of August 12, 2019 to finalize review and evaluation of applications in three primary areas: (1) Event Type; (2) Event Tier; and (3) Grant Award Funding.

The Special Events Grant Program Policy 2017-R006 outlines two event types: (1)

community/charitable events and (2) signature events. Community/charitable events serve or benefit locally based organizations and causes and/or provide recreational, cultural and/or social benefits to Culver City residents. Signature events are large-scale events that promote Culver City regionally, attract visitors, provide measurable economic benefits to the City and enhance the quality of life within Culver City with recreational, cultural, social and/or educational activities of interest to the community.

In order to track the types of events supported and the level of support provided over time, Section 5.D of the Special Events Grant Program Policy 2017-R006 outlines the below event criteria and funding:

- Community/Charitable Event Grants:
 - Tier 1 (C1): \$100 - \$2,500
 - Tier 2 (C2): \$2,501 - \$7,500
 - Tier 3 (C3): \$7,501 - \$15,000 +
- Signature Event Grants:
 - Tier 1 (S1): \$1,000 - \$10,000
 - Tier 2 (S2): \$10,001 - \$25,000
 - Tier 3 (S3): \$2,500+

Each event was classified by tier based on event size, event budget, required City resources, and community/economic benefit. To provide equitable funding across events, once classified by event type and tier, all events were provided 40% of the maximum range within each tier. Note that special consideration was given to tournaments, as these event types had not previously applied. For first year evaluation purposes, all tournament-type events were classified as Community/Charitable - Tier 1 as the City further considers competitions which involve various substantive revenue streams. Additional resources may be evaluated for future years for these event types.

To become City-sponsored, events need to be specifically designated by the City Council and meet the criteria set forth in Culver City Municipal Code (CCMC) Section 17.330.040.B.7.b.ii. This includes confirming that the City is (a) participating in an official capacity in the planning, preparation or promotion of the event or activity; and (b) contributing 25% of the total estimated costs of the civic event or activity or at least \$1,000, whichever is less. This contribution may take the form of funds, labor, staff time, materials, a waiver of fees, or any combination thereof.

Grant awards are enlisted as maximum amounts that are offered in the form of fee credits to be used to cover fees associated with executing a special event in Culver City, including but not limited to permits, equipment use, facility rental. Credits may be further used towards administrative and/or staff associated costs, subsequent to application towards permits/fees. Additionally, Signature Events may use grants towards banner installation costs.

The Subcommittee is recommending \$89,000 in Grants for the following 23 events, \$10,000 in soft costs (staff time for administration, marketing, etc.), and City sponsorship designation for the following events:

This event would be centered around 8 of the parks of the city with a trained site captain will be assigned to each location.

The Takin' It to The Streets Event will take place in April 2020.

The goal will be to post 500-1,000 3' x 5' American Flags on 7' poles throughout the park starting at the corner of Overland and Culver. Each flag would be adorned by a ribbon stating the name of the person being honored and their branch of service. Personal messages and photos of the individual may also be affixed to the flag pole. Each flag would be purchased by a sponsor with the majority of the raised funds being directed to support Veterans' programs and in particular to combat homelessness among Veterans. The posting of flags would be bracketed by opening and closing ceremonies held on the steps of the Veterans Memorial Auditorium.

It is the desire of Tito's Handmade Vodka and Tito's Tacos to have the proceeds from the upcoming Fiesta Event to appropriately benefit a local charity - and, the most obvious charity to be the recipient of these funds is the Culver City Cultural Affairs Foundation in light of the fact that the Fiesta Event itself will be a traditional celebration of the Mexican Culture which has long been a meaningful part of Culver City's past and present. Fortuitously, Tito's Vodka has generously offered to match the amount of funds raised at the Fiesta Event to double the overall donation benefiting the charity of record.

The proceeds from the race (participation entry fee for each category minus race expenses) will go directly to the organizations that focus on helping the homeless return to normalcy and live healthy - Back On My Feet and Feed the Homies. The former organization focuses on providing job training to help place the homeless in jobs, partner with shelters to provide housing and place the homeless in apartments and help them understand financial responsibilities so that they can live on their own and budget their checks and living expenses to pay rent. Works creates stations for teams of volunteers to rotate through as they complete hands-on projects

addressing an important issue of equity impacting community members. Items collected and created on the day will benefit nonprofits and citizens of Culver City, as well as throughout the Greater Los Angeles region. Additionally, interactive education and advocacy stations support efforts to address inequity by offering facilitated conversations around a chosen issue.

Highlights of the CCGC Show include a Horticultural Competition; Plant and Flower Exhibition, Plant and Gardening Decor Sale, Vendors and Raffle Prizes (donated by area businesses ranging from Culver City to Santa Monica). The event also feature Gardening Education delivered via workshops, presentations, demos and a Master Gardener Advice and Information Team from the University of California Cooperative Extension Master Gardener Program.

The Annual Garden Club Show will take place in May 20, 2020.

The Subcommittee recommends up to \$1,000 in grant assistance for this event and up to \$250 in staff costs and designation as a City-sponsored event.

It should be noted that the recommended Events may not yet have all of the required approvals needed from third parties (i.e. private property owners) to conduct their respective Events. In addition, there is the possibility that, as the Event planning process moves forward, circumstances could change and not all of the Events may ultimately be held. If that is the case, the grant recipient would forfeit their grant award.

All awardees must pay all applicable taxes/assessments (including district assessments) and meet all other obligations as specified in the event agreement, including but not limited to, obtaining appropriate business licensing, event permitting, and operating in compliance with all City-established schedules as a condition of the grant.

Administrative Approval of City Permits and Licenses

In order to streamline the planning and coordination of Events, staff recommends the City Council authorize the City Manager to administratively approve related permits and licenses needed to conduct the Events, provided such permits and licenses are consistent with the scope of the Event as set forth in the grant application. For example, several of the event organizers intend to use City-owned property and/or equipment for their Events (i.e. EarthFest LA Concert, Car Show, Taste of the Nation, Screenland 5K

and Asian World Film Festival), which will require a license agreement. Additionally, three events (AITSYH USA: Asian World Film Festival, Culver City Arts District: Art Walk & Roll, and the Culver City Exchange Club: Culver City Car Show), have identified within their special event applications the need for alcohol use permits for beer/wine gardens in conjunction with their request for

designation as City-sponsored events. Given that the award of grant funds to the event organizers is an implicit approval of these Events in concept, and in order to eliminate the need to return to City Council for approval of the related permits and licenses, staff recommends the City Council delegate this function to the City Manager. Such administrative authority would not include the Special Events Permit, which would continue to be issued by the Committee on Permits and Licenses.

FISCAL ANALYSIS

The FY 2019/2020 Adopted Budget includes \$92,000 for the Special Event Grant Program (10116100.517560). There is sufficient funding to support the recommendations of the Special Event Grant Program City Council Ad Hoc Subcommittee with a reserve of \$3,000 in anticipation of off-cycle special event requests. The FY 2019/2020 Adopted Budget further includes sufficient funding in various departmental accounts to cover the requested \$10,000 in soft costs for special event administration.
