---

### BACKGROUND/DISCUSSION

At the November 18, 2020 Mobility Subcommittee meeting, Staff presented the Move Culver City Project (Project) and presented the design concepts and introduced circulator service. Staff has subsequently conducted various outreach activities throughout the project design development process and engaged stakeholders and public to refine the design of the mobility lane and obtain feedback on the themes for the art-inspired art treatment. On February 1st, the City Council unanimously approved the design guidelines and design decision recommendations and authorized staff to finalize the version 4 design based on these approved guidelines and design decision recommendations.

At the February Mobility Subcommittee meeting, Staff will provide an update on the Project progress and activities with the subcommittee, including an update on the results of the public survey on art-inspired street treatment as well as the processes/next steps on the overall project, the art-inspired street treatment, project monitoring/key performance indicator development and implementation, and

the downtown study.

### **FISCAL ANALYSIS**

There are no cost impacts at this time.

### **ATTACHMENTS**

None.

### **RECOMMENDED ACTIONS**

That the Mobility, Traffic and Parking Subcommittee:

1. Receive a presentation and discuss the Downtown Tactical Mobility Lane Project status update, including an update on the results of the public survey on art-inspired street treatment as well as the processes/next steps on the overall project, the art-inspired street treatment, project monitoring/key performance indicator development and implementation, and the downtown study; and
2. Provide other direction to Staff.
