Department Approval: Rolando Cruz, Chief Transportation Officer (03/24/2021)

BACKGROUND/DISCUSSION

As part of the MOVE Culver City Project, Transportation Department will be implementing a new Circulator service in the downtown corridor. At the February 23, 2021 Mobility committee, staff presented a background of the circulator project and laid out three vehicle options for consideration with a recommendation based on a Request for Proposal. The Mobility committee was interested and wanted more information on the third option of a tram shuttle before making any final recommendation. Staff was charged with researching the challenges and determining if the vehicle is even a viable option for the Circulator Service. Staff continues to do research and will present an update at the March Mobility, Traffic, and Parking Subcommittee meeting.

FISCAL ANALYSIS

Cost impacts on the vehicle procurement will be determined in the future and presented to Council in seeking approval of any contract.

ATTACHMENTS

None.

RECOMMENDED MOTIONS

That the Mobility, Traffic and Parking Subcommittee:

1. Receive a presentation and discuss the vehicles for the Circulator service; and
2. Provide direction to Staff as deemed appropriate.
