### **RECOMMENDATION**

Staff recommends the City Council (1) conduct a seventh review of the need for continuing the local emergency declared on March 14, 2020 by the City Manager, as Director of Emergency Services, under City of Culver City Emergency Authority, due to the coronavirus respiratory disease (COVID-19) pandemic ("Local Emergency"), in accordance with the requirements of Government Code Section 8630; and (2) direction to City Manager as deemed appropriate.

### **BACKGROUND**

On March 14, 2020, pursuant to the authority granted by Culver City Municipal Code ("CCMC") Section 3.09.020.B.1.a, the City Manager, as the Director of Emergency Services, issued a Proclamation of Local Emergency due to the outbreak and spread of the coronavirus respiratory disease ("COVID-19") pandemic. (Attachment 1). The Local Emergency was ratified by City Council

on March 18, 2020, as required by California Government Code Section 8630(b) ["Whenever a local emergency is proclaimed by an official designated by ordinance, the Local Emergency shall not remain in effect for a period in excess of seven days unless it has been ratified by the governing body."]. Under Government Code Section 8630(c), "[t]he local governing body shall review the need for continuing the local emergency at least once every 60 days, until the governing body terminates the local emergency." Further, under Government Code Section 8630(d), "[t]he governing body shall proclaim the termination of the local emergency at the earliest possible date that conditions warrant."

On May 26, 2020, July 27, 2020, September 29, 2020, November 9, 2020, January 25, 2021 and April 12, 2021, the City Council conducted reviews of the Local Emergency and determined there was an ongoing need for the Local Emergency to continue. On June 28, 2021, the City Council will conduct the seventh periodic review of the ongoing Local Emergency due to the COVID-19 pandemic.

### ***Public Orders Issued in Support of Local Emergency***

After the City Manager declared a Local Emergency on March 14, 2020, on March 16, 2020, under the authority of CCMC Section 3.09.020, the City Manager issued a Public Order enacting new City measures to protect members of the public and City workers from undue risk of COVID-19 (March 16 Order). The March 16 Order included, among other things, temporary restrictions on certain establishments throughout Culver City, in which large numbers of people tend to gather and remain in close proximity, and a moratorium on evictions of residential tenants ("Residential Tenant Eviction Moratorium").

Since the issuance of the March 16 Order, various supplemental orders have been issued by the State of California and the Los Angeles County Department of Public Health, as well as a number of our neighboring communities, including the City of Los Angeles. In step with the City of Los Angeles and County of Los Angeles, the following supplemental orders were issued, and a summary included in the May 26<sup>th</sup>, July 27<sup>th</sup>, September 29<sup>th</sup>, and November 9<sup>th</sup> staff reports :

- March 16, 2020 Public Order (March 16 Order): This initial temporary Public Order was in effect until March 31, 2020. It closed bars, lounges and nightclubs that did not serve foot, and limited restaurants and retail food facilities to delivery, pick-up or drive through only; no on-site dining was permitted. Movie theaters, performance venues, bowling alleys and arcades were closed, as well as gyms, fitness centers, and art, dance and music facilities, and cultural venues.
- March 20, 2020 First Supplement to Public Order (March 20 Order): Incorporated by reference, any and all orders set forth in *Public Order Under City of Los Angeles Emergency Authority, Subject: SAFER AT HOME*, issued by Los Angeles Mayor Eric Garcetti on March 19, 2020; established a moratorium on evictions of commercial tenants who have an inability to pay their rent due to circumstances related to COVID-19 ("Commercial Tenant Eviction Moratorium" or "CTEM"); relaxed signage and parking restrictions and parking meter fees to facilitate food delivery and pickup; waived outdoor dining and valet parking license fees; and extended the business tax due date to June 1, 2020. Apart from the June 1, 2020 business tax payment extension, the March 20 Order was initially effective through April 19, 2020.
- March 27 Second Supplement to Public Order (March 27 Order): Expanded the scope of the Residential Tenant Eviction Moratorium to prohibit all evictions during the moratorium period,

subject to certain limited exceptions (mostly related to public health and safety) and extended the duration of the Residential Tenant Eviction Moratorium through May 31, 2020.

- April 1, 2020 Third Supplement to Public Order (April 1 Order): Consistent with the U.S. Department of Homeland Security Cybersecurity & Infrastructure Security Agency (CISA) and the County of Los Angeles' positions regarding the inclusion of firearms retailers as part of the essential critical infrastructure, the April 1 Order clarified the March 20 Order to allow firearms retailers in Culver City to conduct business during the COVID-19 local emergency (April 1 Order). The April 1 Order was initially effective through April 19, 2020.
- April 2, 2020 Fourth Supplement to Public Order (April 2 Order): Incorporated by reference all orders set forth in *Public Order Under City of Los Angeles Emergency Authority, Subject: SAFER AT HOME*, as revised and issued by Los Angeles Mayor Eric Garcetti on April 1, 2020, excepting those provisions of the City of Los Angeles *SAFER AT HOME* order that are specific to City of Los Angeles locations and services, and was initially effective through April 19, 2020.
- April 7, 2020 Fifth Supplement to Public Order (April 7 Order): Extended the Commercial Tenant Eviction Moratorium through May 31, 2020.

- April 11, 2020 Seventh Supplement to Public Order (April 11 Order): Incorporated by reference all orders set forth in (a) *Public Order Under City of Los Angeles Emergency Authority, Subject: SAFER AT HOME*, as revised and issued by Los Angeles Mayor Eric Garcetti on April 10, 2020; and (b) *Public Order Under City of Los Angeles Emergency Authority, Subject: Worker Protection Order*, as revised and issued by Los Angeles Mayor Eric Garcetti on April 10, 2020, and extended all orders expiring on April 19<sup>th</sup> through May 15, 2020.

May 14, 2020 Eleventh Supplement to Public Order (May 14 Order): On May 13, 2020, the County of Los Angeles' Health Officer issued a new *Safer at Home Order for Control of COVID-19*, which extended all previous County Health Officer orders issued, and announced that certain low-risk businesses and select recreational facilities and beaches were permitted to re-open subject to certain restrictions. Accordingly, the May 14 Order extended all previous orders until further notice, except where noted, and permitting certain limited re-openings with curbside pick-up or walk-up service only, and adherence to all City Guidelines and County directives and re-opening protocols. The Order also included wearing a cloth face covering whenever there is or can be contact with others who are non-household members, in both public and private places. In addition, the order extended relaxation of parking restrictions and signage restrictions to facilitate the curbside pickup; the Order also extended the fee waiver for outdoor dining fees and valet parking fees, until June 30, 2020.

The May 27 Order permitted conditional indoor reopening of lower risk retail establishments; office-based businesses; faith-based organizations; pools, hot tubs and saunas in multi-residence locations; in person protests; and entertainment industry studios (upon State and County authorization). - November 30, 2020 Thirty-Second Supplement to Public Order (November 30 Order). The November 30 Order addresses the Los Angeles County Public Health Officer's Temporary Targeted Safer at Home: Tier 1 Substantial Surge Response Order ("Temporary Surge Response Order") issued November 28, 2020 and effective November 30, 2020 through December 20, 2020. The Temporary Surge Response Order was issued as a response to the recent substantial rise in COVID-19 cases, hospitalizations, and deaths. The Temporary Surge Response Order was issued to ensure that County residents remain in their residences as much as practicable, and to limit close contact with others outside of their household in both indoor and outdoor spaces, to further reduce the risk of community transmission of COVID-19. This Order prohibits gatherings except for church services and protests, limits occupancy for permitted activities and businesses, and closes non-essential businesses and activities. This order supersedes any previous order where there is a conflict between the Orders.
- January 26, 2021 Thirty-Third Supplement to Public Order (January 26 Order). On January 25, 2021, the State of California lifted the Regional Stay at Home Order that was instituted in December 2020 due to a holiday surge, and a substantial rise in COVID-19 cases, hospitalizations, and deaths, and in turn, the County of Los Angeles lifted its Temporary Surge Response Orders and returned to its November 25, 2020 Blueprint for a Safer Economy-Tier 1 Surge Response Order, with modifications, and issued the County January 25 Order. Accordingly, the City Manager issued the January 26 Order, aligning the City with the County January 25 Order, and also any new subsequent County of Los Angeles Order, unless the City Manager issues a new City order with restrictions specific to Culver City, and also extended the City's limitations on Third Party Food Delivery Service fees, to March 31, 2021.
- February 25, 2021 Thirty-Fourth Supplement to Public Order (February 25 Order). On February 25<sup>th</sup>, the Commercial Tenant Eviction Moratorium (CTEM) was extended through the termination of the Local Emergency, after the City Council considered recommendations from the Economic Development Subcommittee on February 22, 2021 at a City Council public meeting. Certain modifications were made to the CTEM, including to the definition of commercial tenant, and to require commercial tenants to pay 25% of the current rent due each month to qualify for the CTEM protections, beginning April 1, 2021. The Order also referred landlords and tenants to mediation services at LA Represents.
- March 25, 2021 Thirty-Fifth Supplement to Public Order (March 25 Order). The March 25 Order continued to align the City with the County of Los Angeles most recent (March 19, 2021) Public Health Order, and extended the waiver of outdoor dining license fees and valet parking license fees, to June 30, 2021, as well as extended the limitations established on October 30, 2020 pertaining to Third Party Food Delivery Service Fees, to the end of the Local Emergency.

- April 21, 2021 Thirty Sixth Supplement to Public Order (April 21 Order). The April 21 Order continued to align the City with the County of Los Angeles, including its April 15<sup>th</sup> Orange Tier Risk Reduction measures, and stated that the City will automatically align with any subsequent County of Los Angeles Public Health Order or Directive unless a new City Order is issued with specific restrictions or requirements. The Order also granted authority to the Public Works Director and the Community Development Director to issue temporary Use Permits (TUPs) for outdoor bar operation in the public right of way or outdoors on private property. The Order also notes that live events and performances (indoor and outdoor) are permitted with all County protocols plus any required City special events permits.

## **DISCUSSION**

Due to the continued progress the County of Los Angeles has made with vaccinating the population and decreasing the number of positive cases, hospitalizations, and deaths, in early May 2021 the County of Los Angeles moved from the Orange Tier to the least restrictive Yellow Tier. On June 15, 2021, the State of California discontinued the color-coded “Tier” system, and “re-opened” the California economy. In alignment with the State of California, Los Angeles County discontinued its “Blueprint for a Safer Economy” series of Public Health Orders and for the most part discontinued its program of issuing specific sector protocols. The County issued a new order effective June 15, 2021, entitled “A Safer Return Together at Work in the Community: Beyond the Blueprint for a Safer Economy - Encouraging COVID-19 Vaccination Coverage with Limited Risk Reduction Measures.” ( Attachment 2). Four sector protocols have been updated and remain in effect: Day Camps, Overnight Organized/Children’s Camps, TK-12 Schools, and TK-12 Schools: Exposure Management Plan.

Under the terms of the City’s April 21 Order, Culver City is automatically aligned with the terms of the June 15<sup>th</sup> County Order.

The June 15<sup>th</sup> County Order specifically continues to place certain safety requirements on individuals, including requiring masks in some settings, consistent with state and federal rules. The Order also states that there remains a risk that people may come in contact with COVID-19 positive individuals outside of their residence. At the time of the June 15<sup>th</sup> Order, there was a 7-day average of approximately 200 new reported COVID-19 positive cases in Los Angeles County. On June 20<sup>th</sup> for instance, 258 new positive cases were reported.

Masks remain required on public transit, in transportation hubs, indoors in K-12 schools, childcare and other youth settings, in healthcare settings, including long term care facilities, in correctional facilities, and in homeless shelters and emergency shelters.

It is important to note that the California’s State of Emergency and the County of Los Angeles Public Health Emergency both remain in effect. The pandemic is not over, and Los Angeles County is a global hub that is in the middle of what continues to be a global pandemic. Even though the Culver City is aligned with the County’s latest order, Culver City also has a number of City-specific orders in place, including establishing the CTEM (which currently does not expire until the termination of the local emergency), giving authority to management to issue Temporary Use Permits (TUPs),

establishing limitations on third party food delivery fees, and waiving certain fees, among other provisions. Under the City's Local Emergency, the City has the ability to craft orders that are specific to Culver City and the needs of its residents and businesses. Accordingly, due to the ongoing State of California and County of Los Angeles emergencies, the provisions that continue to be in place to protect vulnerable individuals against the virus, and the provisions in place to assist local businesses as they recovery from the nearly 16 months of the pandemic, City staff recommends the Local Emergency continue during the time the State of California and Los Angeles County remain in a public health emergency.

### **FISCAL ANALYSIS**
