Street Maintenance and Closures

Dept Approval: Diana Chang, Chief Transportation Officer (05/02/2023)

BACKGROUND/DISCUSSION

At the April 24th City of Culver City City Council meeting, Council directed staff to continue the MOVE Culver City Downtown Corridor Pilot Project (Project) with a modified design for a maximum of another two years. City staff will modify the design to create and maintain a shared bus, bike, and emergency vehicle lane throughout the project corridor, now from Culver Blvd at Duquesne Ave to Washington Blvd at Fairfax Ave, and add a second general purpose lane, where it is feasible and needed to enhance the capacity of general-purpose vehicle traffic. The Council also directed staff to proceed with the planning and preliminary design for a phase 2 project along Sepulveda Blvd.

At the May 9, 2023 Bicycle and Pedestrian Advisory Committee meeting, staff from the Transportation Department will provide an update on the Project next steps.
