Department Approval: Adam Ferguson, PRCS Deputy Director (05/26/2026)

RECOMMENDATION

Staff recommends that the Parks, Recreation and Community Services (PRCS) Commission receive and file the report regarding the Parks, Recreation and Community Services summer programming.

BACKGROUND/DISCUSSION

Lindberg Park was established in 1927 and was expanded in 1938. It currently is 4.39 acres in size. The playground was last renovated in the 1990s. It currently has play equipment for ages 2-12 years old, sand surfacing with concrete walkways, and limited shaded seating with tables and benches. Due to the age of the playground, replacements parts are either no longer available or difficult to get. The equipment is not accessible, and the sand no longer meets current safety standards. Due to these issues, PRCS is working to replace the playground at Lindberg Park.

The new playground will include equipment for ages 2-5 years old and ages 5-12 years old. The department wishes to make the playground a fully inclusive playground with an accessible design, safety surfacing, and shaded seating. PRCS wishes to work with the community members to embrace a community theme for the playground.

The proposed schedule includes:

- Community Design Workshop on April 11, 2026
- Design Presentation and Meeting in fall of 2026
- Parks Commission Presentation near the end of 2026
- Final Design in early 2027
- Construction during fiscal year 2027-2028

On April 11, 2026, Parks, Recreation and Community Services (PRCS) Department held a community meeting for the Lindberg Park community to discuss the current playground and get feedback from the community members on what they would like to see for a new playground. The Community Design Workshop allowed kids to draw their own playgrounds and parents to give staff their concerns and ideas. This meeting gave PRCS a strong jumping off point based on what items (such as slides, swings, etc.) the community wishes for the playground and what design elements and themes matter the most.

FISCAL ANALYSIS

There is no fiscal impact associated with this discussion.

ATTACHMENTS

None.

MOTION

That the Parks, Recreation and Community Services Commission:

Receive and file the report.
